

K-LOVE is the only station in my community where I can confidently and consistently turn on the radio and know I will hear wholesome music and encouraging words from the people on the station. If K-LOVE were displaced by an LPFM broadcaster providing other programming I am sure that I would not have this type of programming available to me. The public in our community definitely benefit my having K-LOVE available. If someone cannot receive this type of wholesome values, positive life standards, and moral standards through K-LOVE, they would be hard pressed to find it any other way. This station is one-of-a-kind, and provides the support I need in my daily life in an increasingly negative, dangerous, and often immoral world...promoted by a media which seems to cater to the more negative sides of life. Please do not interfere with the broadcasts of stations such as K-LOVE. Thank you.
